

YRSCB Annual Event

This year we will be getting out on one of the beautiful tributaries of the York River, the Mattaponi. The river is shaded, the paddle will be gentle and with the tide. We will have a picnic, special speakers and entertainment, too. So, please contact May Sligh at 804/443-1494 or May.Sligh@dcf.virginia.gov to let her know whether you can make it. Please RSVP by July 9th. We will need the paddlers to be there between 9 and 9:30 so we can start out on the river soon for about a 3 hour paddle (we will stop to smell the marsh grass along the way).

For those who wish to stay at our meeting spot, Zoar State forest, there will be nature walks and displays to enjoy. We also need to know of dietary restrictions and paddle or no paddle. Thanks and hope to see many of you soon for the July 16th event!
